Clinical Endocrinology (1995) **43**, 784–788

Subject index to Volume 43

Acne
  and 11-deoxycortisol in men 305
Acromegaly
  GH-like IgGs and bromocriptine (Case report) 111
  and sleep apnoea after adenomectomy 175
  IGFBP-3 assessment 501
  Birmingham pituitary database audit 517
  octreotide and *Helicobacter pylori* 683
ACTH
  effect on adrenocortical steroids 311
Addison's disease
  skin pigmentation (Letter) 130
Adenomectomy
  for acromegaly, and sleep apnoea 175
Adrenal androgens
  gonadal androgens and oestrogens in transsexuals 415
Adrenal cortex
  hyperplasia (Case report) 753
AIS
  genetic counselling 69
  and osteopenia 671
Alcoholism
  h-p-a axis and endogenous opioids 283
Anaemia
  and endocrine function 167
AME syndrome
  hypertension and 11β-hydroxysteroid deficiency (Case report) 241
    (Commentary) 247
Anaesthesia
  opioid and (non)-glycosylated PRL forms 213
Apnoea
  after adenomectomy for acromegaly 175
Aromatization
  oestrogen from androstenedione in bone 37
Altitude
  high and h-p secretion in men 11
Azoospermia
  diagnosis 537

Benzodiazepines
  and pituitary-adrenal response to CRH in Cushing's syndrome 29
Bisphosphonates
  GH and bone metabolism 317
  vitamin D and bone resorption 531
Blindness
  melatonin and p-t axis 707
Bone
  oestrogen from androstenedione 37
  effects of GH *vs* GH + pamidronate in GHD 317
  hyperthyroidism and post-menopausal osteoporosis 339
  osteoporosis in pregnancy (Case report) 373
  vitamin D, Ca and osteoporotic fractures (Review) 393
  osteomalacia and Fanconi's syndrome 479
  resorption, vitamin D and pamidronate 531
  GH and pamidronate for osteoporosis 557
  osteopenia and androgen insensitivity 671
  testosterone and body composition 727
  osteoporosis and Turner's syndrome 741
Bromocriptine
  effects and DNA synthesis in pituitary tumours 79
  in acromegaly and GH-like IgGs (Case report) 111
Bulimia nervosa
  ovarian morphology and insulin sensitivity 451
Burns
  hormone anabolism and glucagon 491

Calcium
  vitamin D and osteoporotic facture (Review) 393
CAH
  due to 21-hydroxylase deficiency, and menstrual disturbance 291
Calcitriol
  levels and oestrogen administration in post-menopausal women 219
Cardiovascular function
  and glucocorticoids in hypopituitarism 623
  cardiac flow and PCOS 677
  and adrenaline in hypothyroidism 747
Children
  management of Cushing's syndrome 19
  testosterone for height reduction, and adult testicular function 87
  delayed puberty (Investigation) 105
  GHD and short stature (Investigation) 133
  IQ and hypothyroidism in infants 473
  nasal hexarelin and growth 631
  Graves' disease in Hong Kong 697
CRH
  and benzodiazepine; pituitary-adrenal response in Cushing's syndrome 29
  and naloxone test of h-p-a axis (Commentary) 423; 425
Critical illness
  effect of dopamine on DHEAS 457
Cushing's disease/syndrome
  management in children 19
  and pituitary-adrenal response to CRH and benzodiazepines 29
  with nodular thyroid disease 359

© 1995 Blackwell Science Ltd

and female gonadotroph adenoma of pituitary (Case report) 383
and melancholia 433
cortisol diagnosis 545
and hyperplasia of adrenal cortex (Case report) 753

11-Deoxycortisol
and acne in men 305
DHEAS
effect of dopamine in critical illness 457
Diabetes
hyperthyroidism and MELAS syndrome (Case report) 235
insipidus, hypothalamic (Investigation) 507
IFGBP-1 and dawn phenomenon 567
androgens and insulin resistance in men 601
DNA
synthesis by pituitary tumours; hormone levels and bromocriptine 79
Dopamine
effect on DHEAS in critical illness 457
Dopamine receptor agonist
quinagolide and vascular reactivity with prolactinoma 49

Endometriosis
GnRHa with HRT 609
Erythropoiesis
and endocrine function in anaemia and polycythaemia 167

Fanconi's syndrome
and osteomalacia 479
Fibroma
of jaw and familial hyperparathyroidism (Case report) 225, (Commentary) 230
Flutamide
in hirsutism 575

Genetics
counselling in complete AIS 69
RET proto-oncogene and medullary thyroid carcinoma (Rapid communication) 123
new 5α-reductase type 2 gene deletion 183
MEN2B with no mutation at codon 918 of *RET* (Case report) 759
GH
replacement and side-effects 143
replacement, desired 151
secretion and GHBP in liver disease 265
and pamidronate on bone in GHD 317
response to GHRH and GHRP-2 347
and pamidronate in osteoporosis 557
and hexarelin 617
and lipoprotein(a) changes (Letter) 655
response to GHRH and fasting in obesity 665
and body composition in GHD 689
GHD
IGFBP-3 in diagnosis 43
radiation-induced 97
and short stature (Investigation) 133
adult social status 205
and gonadotrophin deficiency with insulin resistance (Case report) 231
GH *vs* GH + pamidronate, effect on bone 317
body composition after GH 689
GHRH
IFG-I and GH in hyperthyroidism 583
GHRP
GH response 347
effect of naloxone on hexarelin action 365
hexarelin, GH and GH release 617
nasal hexarelin in growth of short children 631
Glucagon
and octreotide with proinsulinoma (Case report) 117
Glucocorticoids
and cardiovascular function in hypopituitarism 623
Glucocorticoid receptor
regulation in septic shock 197
GnRHa
with HRT in endometriosis 609
Goitre
maladaptation to iodine deficiency (Review) 1
Graves'-like disease after radioiodine (Letter) 129
thyroid growth promoting IgGs absent from Indians 189
thyroiditis and thyroid cancer after iodination 701
Gonadotrophin deficiency
GHD and insulin resistance (Case report) 231
Graves' disease
Graves'-like disease after radioiodine for goitre (Letter) 129
response to methimazole 257
TRAb and ultrasonography (Letters) 387
undetectable TSH binding inhibitor Igs and anti-thyroid drugs 551
incidence of juvenile in Hong Kong 697

Helicobacter pylori
and octreotide in acromegaly 683
Hexarelin
effect of naloxone 365
GH and GH release 617
nasal and growth in short children 631
Hirsutism
flutamide 575
Hong Kong
juvenile Graves' disease 697

HRT
and GnRHa in endometriosis 609
11β-Hydroxysteroid dehydrogenase
deficiency and mineralocorticoid hypertension (Case report) 241, (Commentary) 247
Hypercalcaemia
and hyperadrenalism in Sheehan's syndrome (Letter) 769
Hyperparathyroidism
familial associated with jaw fibroma (Case report) 225, (Commentary) 230
^{99m}Tc-sestamibi scanning of parathyroid tumours (Commentary) 523, 525
Hyperprolactinaemia
LH sensitivity to naloxone 591
and glucose metabolism 721
Hypertension
mineralocorticoid and 11β-hydroxysteroid dehydrogenase deficiency (Case report) 241, (Commentary) 247
Hyperthyroidism
diabetes and MELAS syndrome (Case report) 235
radioiodine dose 325
and osteoporosis in women 339
IFG-I and GH response to GHRH 583
Hypoadrenalism
and hypercalcaemia in Sheehan's syndrome (Letter) 769
Hypopituitarism
glucocorticoids and cardiovascular function 623
Hypothyroidism
lipoprotein test (Commentary) 443, 445
in infants and IQ 473
5-HT activity and depression 713
responses to adrenaline 747

IGF
after burns 491
IGFBP
and diagnosis of GH deficiency 43
and SHBG diurnal variation in PCOS 159
after burns 491
assessment of acromegaly 501
Imaging
^{99m}Tc-sestamibi for parathyroid tumours (Commentary) 523, 525
^{111}In-DTPA labelled octreotide for bronchial carcinoma (Case report) 763
Infertility
female (Investigation) 251
Insulin resistance
with GHD and gonadotrophin deficiency (Case report) 231
Investigation
delayed puberty 105
short stature and GH deficiency 133
female infertility 251
hypothalamic diabetes insipidus 507
phaeochromocytoma 657
Iodine deficiency
goitre a maladaptation (Review) 1
iodination, thyroid cancer and thyroiditis 701

LH
β-subunit variant in PCOS 297
infertility and oligomenorrhoea 735
Lipoprotein(a)
and GH treatment 655
Liver disease
GH and GHBP levels 265
h-p-t function and liver transplantation 331
Lymphocytic hypophysitis
(Letters) 769

MELAS syndrome
with diabetes mellitus and hyperthyroidism (Case report) 235
Melatonin
and p-t axis in blind adults 707
Men
h-p secretion at high altitude 11
testicular function following testosterone for tall boys 87
11-deoxycortisol and acne 305
azoospermia, diagnosis 537
androgens and insulin resistance in diabetes 601
MEN
no mutation at codon 918 of *RET* (Case report) 759
Methimazole
in Graves' disease 257
Metyrapone
model for 11-HSD inhibitor deficiency 637
Mifepristone
the ovarian cycle and follicle growth 407

Naloxone
effect on hexarelin action 365
ACTH release and h-p-a axis (Commentary) 423, 425
LH sensitivity in hyperprolactinaemia 591

Obesity
fasting and GH response to GHRH 665
Octreotide
hypoglycaemia with proinsulinoma (Case report) 117
and *Helicobacter pylori* in acromegaly 683
labelled for carcinoma imaging (Case report) 763
Oestrogen
from androstenedione in bone 37
effect on post-menopausal calcitriol levels 219

Opiod peptides
and h-p-a axis in alcoholism 283
Osteoporosis
see Bone

Pamidronate
GH and bone metabolism 317
vitamin D and bone resorption 531
and GH in osteoporosis 557
Parathyroid turnovers
^{99m}Tc-sestamibi scanning (Commentary) 523, 525
PCOS
SHBG and IGFBP-1 diurnal variation 159
LH β-subunit variant 297
and cardiac flow 677
Phaeochromocytoma
investigation 657
Pituitary tumours
DNA sythesis, hormone levels and bromocriptine 79
irradition and GHD 97
Polycyaemia
and endocrine function 167
Primary hyperparathyroidism
and vitamin D deficiency (Letter) 130
and vitamin D in India 351
masked by anti-TB-induced vitamin D deficiency (Letters) 511
PRL
(non)-glycosylated forms after opioid surgical anaesthesia 213
Proinsulinoma
octreotide and hypoglycaemia (Case report) 117
Prolactinoma
quinagolide and vascular reactivity 49
familial (Letter) 511
Pseudo-phaeochromocytoma
and serotonin syndrome (Letter) 513
Psychology
GHD adults, social status 205
melancholia in Cushing's 433
ovariam morphology and insulin sensitivity in bulimia 451
IQ in congenitally hypothyroid infants 473
metyrapone model for 11-HSD inhibitor deficiency 637
hypothyroidism, 5-HT activity and depression 713
Puberty
delayed (Investigation) 105

Quinagolide
and vascular reactivity with prolactinoma 49

Septic shock
glucocorticoid receptor regulation in leucocyte 197
Serotonin syndrome
and pseudo-phaeochromocytoma (Letter) 513
Sheehan's syndrome
hypercalcaemia and hypoadrenalism (Letter) 769
SHBG
and IFGBP-1 diurnal variation in PCOS 159
Social status
of GHD adults 205
Stromal luteoma
and virilization (Case report) 645

Testosterone
for height reduction, and testicular function 87
bone, and body compositon 727
Thirst
during breast feeding 277
Thyroid disorders
prevalence 55
medullary thyroid carcinoma and *RET* mutation (Rapid communication) 123
nodular disease and Cushing's disease 359
non-goitrous, effect of therapy on TRBAb 465
carcinoma; myeloid leukaemia following ^{131}I (Case report) 651
Transsexuals
gonadal androgens, oestrogens and adrenal androgens 415
TRBAb
thyroxine and antithyroid drugs in thyroiditis 465
Turner's syndrome
osteoporosis 741

Vitamin D
deficiency and primary hyperparathyroidism (Letter) 130
in hyperparathyroidism in India 351
and Ca and osteoporotic fractures (Review) 393
pamidronate for hypercalcaemia 531
Whickham Survey
prevalence of thyroid disorders 55
Women
diurnal SHBG and IGFBP-1 variations in PCOS 159
oestrogen effects on post-menopausal calcitriol levels 219
infertility (Investigation) 251
thirst during breast feeding 277
menstrual disturbance in CAH due to 21-hydroxylase deficiency 291
LH β-subunit variant in PCOS 297
hyperthyroidism and osteoporosis 339
osteoporosis in pregnancy (Case report) 373
Cushing's disease due to gonadotroph adenoma of pituitary (Case report) 383
mifepristone and ovarian cycle 407
ovarian morphology and insulin sensitivity in bulimia 451

GH and pamidronate in osteoporosis 557
flutamide for hirsutism 575
LH sensitivity to naloxone in hyperprolactinaemia 591
GnRHa with HRT in endometriosis 609
stromal luteoma and virilization (Case report) 645
cardiac flow and PCOS 677
role of LH in infertility with oligomenorrhoea 735
Turner's syndrome and osteoporosis 741
